File No:

To whom It May Concern

This will confirm that Mr. Hemant Shah of HIR International is known to the Consulate of Canada in his capacity as an exporter/importer and as an export representative for several Canadian companies. In our experience, Mr. Shah has proved to be energetic and committed, and to have cooperated well with us in our promotional projects. He has been particularly helpful in arranging Canadian programs for Indian visitors and in promoting the Indian market among Canadian companies.

We look forward to continuing to work with Mr. Shah and would certainly recommend him for consideration by Canadian and Indian firms as a business associate.

Yours sincerely,
